Title:

Error Correcting Codes smth smth

Project:

P6-project

Project Period:

February 2020 - May 2020

Project Group:

5.219b

Participants:

Johan Vester Dinesen
Kristian Skafte Jensen

Supervisor:

Oliver Wilhelm Gnilke

Pages: 5

Finished: 18th of December 2019

Abstract:

I denne projektrapport ...

This paper's content is freely available for everyone, but publication (with references) may only happen with acceptance from the authors.

Preface

This student report has been written by group 5.222 throughout the course of 5^{th} semester during the project period at the Department of Mathematical Sciences at Aalborg University.

The authors would like to express their gratitude to Jesper Møller for supervision during the course of the project period.
